

# Assignment No:01

## Title: Create an account in AWS and configure budget

### Step-1:

Open the AWS Management Console and click on the user name in the top right corner and click on the Billing and cost management.

### Step-2:

Select the Budgets option from the right side.

## Step-3:

Click on the Create a budget button to create a new budget.

## Step-4:

Choose the Customize to customize the budget.

## Step-5:

Write essential details here like name of the budget, period, budget .

The screenshot shows the AWS Budgets 'Create budget' page. The left sidebar contains navigation links for Billing and Cost Management, Home, Getting Started, Billing and Payments, Bills, Payments, Credits, Purchase Orders, Cost and Usage Analysis, Cost Explorer, Cost Explorer Saved Reports, Cost Anomaly Detection, Free Tier, and Data Exports. The main content area is divided into three sections: 'Details', 'Set budget amount', and 'Cost Data'. The 'Details' section has a 'Budget name' field with the value 'ankita\_budget'. The 'Set budget amount' section has a 'Period' dropdown set to 'Monthly', a 'Budget renewal type' section with 'Recurring budget' selected, a 'Start month' section with 'Feb' and '2025' selected, and a 'Budgeting method' dropdown set to 'Fixed'. The 'Cost Data' section on the right shows 'No data' with the message 'There is no data to display'.

## Step-6:

Click on the Add an alert threshold.

The screenshot shows the AWS Budgets 'Create budget' page with the 'How budget alerts work' section expanded. This section contains two sub-sections: 'Why create budget alerts?' and 'How to get started?'. Below these is a 'Budget amount' section showing 'Your budgeted amount: \$2.00'. At the bottom of this section is a blue box with the message 'No alert thresholds created.' and a button labeled 'Add an alert threshold'. The 'Cost Data' section on the right still shows 'No data' with the message 'There is no data to display'.

## Step-7:

Add the threshold value and email to send notification.

The screenshot shows the AWS Billing and Cost Management console with the 'Create budget' wizard. The left sidebar contains navigation links for Billing and Cost Management, Billing and Payments, and Cost and Usage Analysis. The main content area is titled 'Alert #1' and includes a 'Remove' button. The 'Set alert threshold' section has a 'Threshold' field set to '80' and a 'Trigger' dropdown set to '% of budgeted amount'. The 'Notification preferences' section has a 'Select one or more notification preferences to receive alerts.' dropdown. The 'Email recipients' section has a text input field containing 'ankitabarui03@gmail.com' and a note that the maximum number of email recipients is 10. The right sidebar shows 'Cost Data' with a 'No data' message.

## Step-8:

Review all the information and click Create Budget to create budget.

The screenshot shows the AWS Billing and Cost Management console with the 'Create budget' wizard. The left sidebar contains navigation links for Billing and Cost Management, Billing and Payments, and Cost and Usage Analysis. The main content area is titled 'Review' and includes a 'Review' button. The 'Step 1: Choose budget type' section has a 'Budget type' dropdown set to 'Cost budget'. The 'Step 2: Set up your budget' section has a 'Budget details' table with columns for Name, Start date, End date, and Budget amount. The 'Additional budget parameters' section is empty. The 'Tags' section is empty.

## Step-9:

Budget has been created

The screenshot displays the AWS Billing and Cost Management console. The left-hand navigation pane shows the 'Billing and Cost Management' section, with 'Budgets' selected under the 'Overview' tab. The main content area, titled 'Budgets (1)', shows a table with one budget entry: 'ankita\_budget'. The budget is set for \$2.00, with \$0.00 used and 0.00% forecasted. The status is 'OK'. The table includes columns for Name, Thresholds, Budget, Amount used, Forecasted, Current vs. budgeted, and Forecast. The 'ankita\_budget' entry is highlighted in blue. The console also features a search bar, a 'Download CSV' button, and a 'Create budget' button. The footer shows the AWS logo, a search bar, and the user's name '28\_Ankita'.

| Name          | Thresholds | Budget | Amount used | Forecasted ... | Current vs. budgeted | Forecast |
|---------------|------------|--------|-------------|----------------|----------------------|----------|
| ankita_budget | OK         | \$2.00 | \$0.00      | -              | 0.00%                | -        |
